PROFESSIONAL SUMMARY

Full Stack Developer with experience in Android mobile development using Flutter, as well as modern web development with React and Angular, and backend development using Node.js/Express and Spring Boot, integrating relational databases such as PostgreSQL and MySQL. Familiar with Docker containers and version control with Git, GitHub, and GitLab, with a focus on building scalable, secure, and maintainable solutions by applying sound software architecture practices and agile methodologies. Academic experience as a university teaching assistant and participation in real-impact freelance projects.

PROFESSIONAL EXPERIENCE

Software Engineer

QuetzalLab (Freelance) — Guatemala

February 2026 – Present

- Development of the company's main web portals using React and Next.js.
- Definition of new workflows and processes for the platform.
- Full redesign of the platform aligned with the company's brand identity and visual guidelines.

Software Engineer / ERP Systems Implementer

Octopus Innovations S.A. — Guatemala

January 2026 – August 2026

- Management and administration of enterprise ERP services, including data loading and migration for inventory, contacts, employees, and accounting records.
- Customization of forms and workflows within the ERP platform according to business requirements.
- Project and environment management using Odoo.sh and CloudPepper for hosting, deployment, and maintenance.
- Administration of a file transfer service deployed on DigitalOcean.
- SQL Server database recovery and restoration, ensuring data integrity and availability.
- Implementation of infrastructure on Microsoft Azure for the deployment and management of enterprise databases.
- Development of interactive dashboards in React connected to Azure databases for data visualization and analysis.

Software Engineer Developer

QuetzalLab (Freelance) — Guatemala

September 2025 – December 2025

- Development of a mobile application in Flutter with a Node.js/Express backend.
- Database managed with Supabase and Prisma as the ORM.
- Deployment and management of the mobile app's backend server on AWS EC2.
- Integration of maps (Google/Apple), responsive design, and security measures.

Teaching Assistant

Universidad del Valle de Guatemala — Guatemala

January 2025 – Present

- Support for Data Structures, Introductory Programming, Mobile Development, and Probability Theory courses.
- Technical assistance and evaluation of academic assignments and projects.

- Grading and review of assignments for the Probability Theory course, providing academic feedback to students.

Web Development Intern

Cartful Solutions S.A. — USA (Remote)

August 2022 – November 2022

- Adaptation of interfaces from Figma for multiple devices.
- Development with React and Node.js, using the SCRUM methodology.

EDUCATION

B.S. in Computer Science and Information Technology

Universidad del Valle de Guatemala — Guatemala

January 2023 – Expected 2027

- Relational databases with PostgreSQL and logical-physical modeling.
- Web development with React and consumption of REST and GraphQL APIs.
- Programming with Rust, Java, Kotlin, and C++.
- Mobile development with Jetpack Compose (Android).
- Software architecture, design patterns, and best practices.
- Project management with agile methodologies (SCRUM, Kanban).
- Use of tools such as Docker, Git, GitHub, and AWS.

Technical Diploma in Computing (Perito en Computación)

Centro Educativo Técnico Laboral KINAL — Guatemala

2020 – 2022

- Programming with Java, SQL, JavaScript, and technologies such as Angular and Node.js.
- Database design and normalization.
- Application development with Express and MySQL.
- Code versioning with Git and GitHub.
- Fundamentals of networking, hardware, and operating systems.
- SCRUM methodology applied in group projects.

TECHNICAL SKILLS

Node.js • Express • React / React Native • Flutter • Dart • Next.js • Angular • Firebase • Supabase • PostgreSQL • MongoDB • MySQL • Docker • Git / GitHub • Figma • DigitalOcean • AWS EC2 • Odoo.sh • CloudPepper

OTHER SKILLS

Problem solving • Teamwork • Effective communication • Continuous learning • Logical thinking • Adaptability • Time management • Attention to detail

LANGUAGES

Spanish — Native English — A2 (actively learning)
